

To make your Facebook friends list private, follow these steps:

1. **Log into Facebook:**
  - Open Facebook and log into your account.
2. **Go to Your Profile:**
  - Click on your name or profile picture at the top of the page to go to your profile.
3. **Access Your Friends List:**
  - Click on the "Friends" tab below your cover photo.
4. **Edit Privacy Settings:**
  - Click on the three dots (•••) near the top right corner of the Friends section.
  - Select "Edit Privacy."
5. **Set Friends List Visibility:**
  - Under "Who can see your friends list?" click on the dropdown menu.
  - Select "Only me" to make your friends list private. You can also choose other options like "Friends," "Friends except...," "Specific friends," or "Custom" based on your preferences.
6. **Save Changes:**
  - Click "Done" to save your changes.

Now, your friends list will be hidden according to the privacy setting you selected.
