

SPRING CLASS OF 2021

At MedSend, our board approves a new “class” of healthcare missionaries three times a year. We then seek the financial support to be able to send them to their locations. The world is increasingly difficult and dangerous, yet this group of individuals is willing to step up to be the hands and feet of Jesus in these tough places.

The faces on these pages represent the \$512,000 needed to fund these professionals who are just beginning their medical mission assignments as well those who are renewing for another four-year term. A total of over \$3.5 million is needed to fund all MedSend grant recipients serving in 2021. Please join us with your financial and prayer support in order to free this class to serve a hurting world.

**V.B.*
Mental Health**

Specialty: Mental Health
Location: Americas

**Theodore John
Physician**

Specialty: General Surgery
Location: Burundi

**Amy Julian
Family Nurse Practitioner**

Specialty: Nursing
Location: Papua New Guinea

Optometrist**

Specialty: Optometry
Location: Secure

**Sam McDowell*
Physical Therapist**

Specialty: Physical Medicine and Rehab
Location: Asia

**Tashidia Stevenson
Nurse**

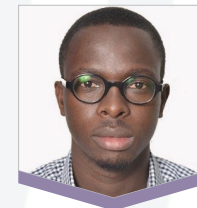

Specialty: Nursing
Location: United States

MEDSEND NATIONAL SCHOLARS PROGRAM

Since 2014, the MedSend National Scholars program has sponsored the advanced medical training of Christian national physicians in Africa, Asia and the Middle East.

Funding for the following three 2021 National Scholars who are called to go and serve represents a need of \$280,000.

Funding needed for all National Scholars in the program in 2021 is over \$1 million.

Admire Munjeri

Residency: Surgery
Home Country: Malawi

E.P.*

Residency: Family Medicine
Home Country: Asia

Gianna Mendez*

Residency: Family Medicine
Home Country: North Africa

MEET OUR SPRING 2021 GRANT RENEWALS

MedSend is committed to supporting individuals who are committed to “long-term” missions. We reinforce this by providing a four-year grant that can be renewed every four years. The renewals are the fruit of the MedSend ministry. Please help us fund these committed and courageous healthcare professionals to serve our Lord as they continue to bring long-term compassionate care to a hurting world.

**Anna C.*
Nurse**

Specialty: Nursing
Location: Togo
