

CURE International is a Christian non-profit organization that operates a global network of eight pediatric hospitals providing **world-class surgical and intentional ministry care** for children living with treatable disabilities. CURE donors help provide services **at no cost** for families living in poverty.

OUR LUKE 9:2 MISSION

"To heal the sick and proclaim  
the kingdom of God."

# OUR beginning

---

CURE International began over 25 years ago with Dr. Scott and Sally Harrison's vision to pair expert surgical care with Christian ministry for children living in poverty all over the world. Using their gifts as missionaries and medical professionals, they **faithfully set out to create permanent hospitals** in developing countries.

## WORLD-CLASS MEDICAL CARE.

CURE Children's Hospitals are world-class facilities with highly trained surgeons and caregivers. From pre-surgery evaluation, physical therapy, and mobility device fitting, children with disabilities receive comprehensive, transformational care.

## SPIRITUAL GROWTH AND RESTORATION.

Something you won't see in photos is the amazing spiritual transformation that takes place. Kids are walking and smiling again, but they're also hearing about Jesus and how much He loves them. It's all part of our approach aimed at healing the whole person.

## MULTIPLICATION THROUGH TRAINING.

In order to provide sustainable, long-term solutions for the 9 million kids living with disabilities in the countries where CURE serves, we train surgeons and medical professionals as well as partner with local pastors to equip others in providing high quality care.
