## About Us

The Faith Based Security Network (FBSN) believes the best teachers are those who have experienced what they talk about; the best presentations are by security leaders who actually do it every week; & the best lessons learned are taught by the survivors who truly experienced serious incidents.

## Our Mission

Across the United States, individuals are stepping up to protect their friends & family in their houses of worship. The FBSN is a Christian-Based professional membership association dedicated to enhancing the professionalism & connectivity of ministry security operators along with supporting ministry leaders, law-enforcement, and first responders. Attendees from approx 40 states will come together for renewed vision, essential resources, expanded knowledge & increased connectivity with other church security operators across the U.S.
