(18 November 2024)

## ***Today is the 104<sup>th</sup> Anniversary of the Start of the Greatest Genocide in History***

Thomas W. Jacobson, Global Life Campaign

On 18 November 1920, Russia and the emerging Union of Soviet Socialist Republics (USSR) enacted a Decree on Abortion permitting the “artificial discontinuation of pregnancy” – the deliberate killing of an unborn baby – “in Soviet hospitals.” This act by the first Marxist, Socialist, Communist, Atheist government opened the door for government authorized abortion that gradually expanded to 156 nations today, with limited or on-demand abortion. Here are some of the tragic results:

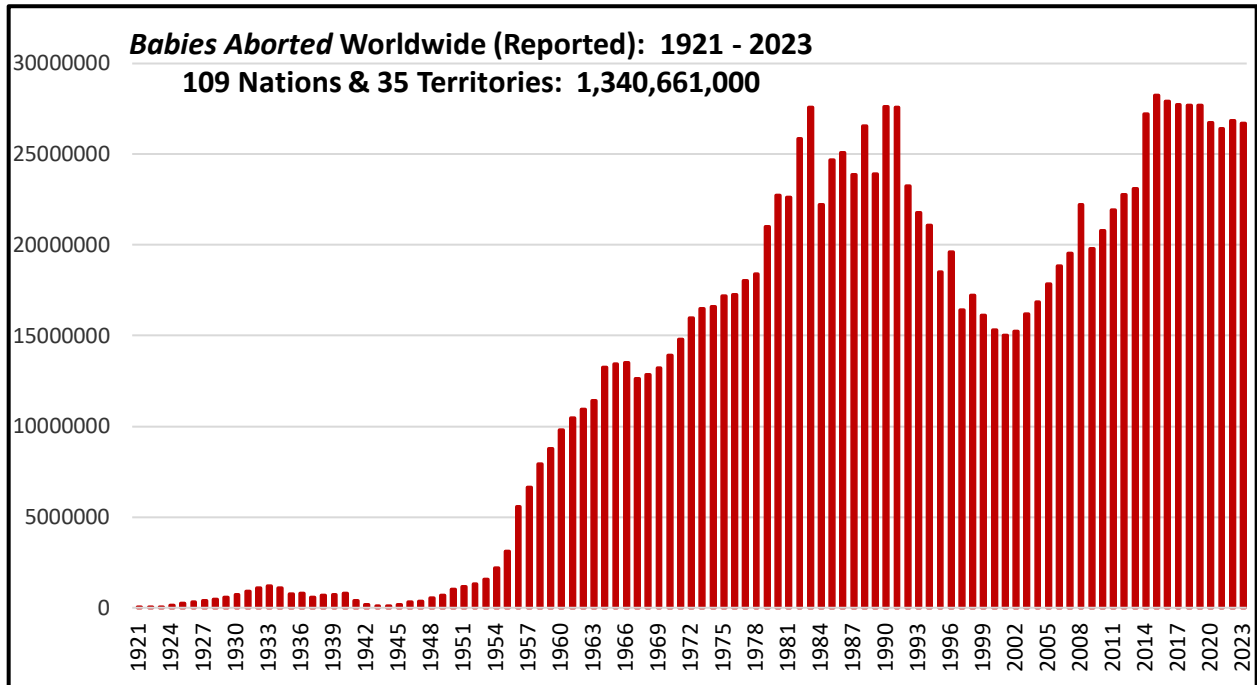

- Abortion is the number 1 cause of death worldwide and in many nations – though not acknowledged by governments;
- Abortion is the number 1 violation of inherent, God-given human rights, and human rights have been perverted to include a so-called “right” to abort (murder) one’s baby;
- The promotion and acceptance of abortion – the taking of innocent human life – has corrupted morality, law, government, police and military;
- The acceptance, training, and mandating doctors, nurses and midwives to perform abortions has corrupted their consciences and medical practices, causing devaluation of human life, compelling them to save a life and then intentionally take a human life;
- The acceptance and promotion of sexual immorality and abortion in education has corrupted the administrators, teachers, professors and students;
- The acceptance of abortion has turned cultures of life into cultures of death (like we saw in part in the election results in the United States).

Abortion is the Greatest Genocide in history, documented by our Sacred Accounting of the dead babies. Here are the totals for worldwide and the top abortion nations:

<b>BABIES ABORTED IN:</b>	<b>Time Period</b>	<b>TOTAL BABIES ABORTED</b>
Worldwide	1921 – 2023	1.34 Billion Babies
PR China	1956 – 2023	461.7 Million Babies
U.S.S.R.	1921 – 1991	278.5 Million Babies
Russia	1921 – 2023	221.5 Million Babies*
India	1972 – 2023	220.0 Million Babies
United States	1926 – 2023	65.2 Million Babies
Ukraine	1924 – 2023	52.7 Million Babies*

\*For Russia & Ukraine through 1991, abortions are included also in the U.S.S.R. totals.

As people and nations accountable to Almighty GOD, it is time to face the reality of what we or our fellow citizens have done! It is time to face the truth that abortion is not moral, good, or normal, but is evil! It is time to stop the slaughter of innocent unborn babies in the womb and at birth! It is time for repentance, beginning with GOD's people! GOD Himself has promised that if we who are called by His name humble ourselves, pray, seek His face, and "turn from (our) wicked ways," then He "will hear from heaven, will forgive (our) sin and will heal (our) land" (2 Chronicles 7:14). GOD Himself also promised that "if we confess our sins, He is faithful and righteous to forgive us our sins and cleanse us from all unrighteousness" (1 John 1:9).

*Correction:* Last week, for the U.S. House of Representatives, the numbers should have read: "Republicans 216 (218 necessary for majority)." The Republicans now have the 218 majority.

**PRAY** accordingly for your nation, beginning with God's people, the Church and Jews.

For the LORD, the sacred gift of life, and remembrance of the babies,

Thomas W. Jacobson
