## ***Greatest Current Global Shift on Abortion is to Abortifacient Pills***

Thomas W. Jacobson, Global Life Campaign

While updating the national policies on abortion last week, I discovered that **the greatest current global shift on abortion is to authorize abortifacient pills**. The attached world map showing the abortion policies of nations reveals a dramatic shift to orange (abortifacient pills) and red (abortion on demand). Most of Africa and Latin America prior to 2000, and even 2017, were blue (prohibit abortion) and green (restrict) nations. Since the year 2000, a total of 32 nations worldwide have moved from blue to green, or yellow (economic & social reasons), or orange, or red. Let's focus on the orange, abortifacient, nations.

Many nations that prohibit or restrict abortion, retaining those policies, have also authorized abortifacient pills, in effect making abortion on demand their policy, at least early in pregnancy. Even though their policy does not otherwise permit abortion on demand, here are **the nations that officially approved abortifacient pills, including within the last six years**:

<b>AFRICA</b>	<b>AMERICAS &amp; CARIBBEAN</b>	<b>ASIA</b>	<b>EUROPE</b>
Cameroon	Bolivia	India	Austria
Central African Republic	Brazil	Indonesia	Italy
Ethiopia	Chile	Iran	Netherlands
Ghana	Ecuador	Israel	Romania
Kenya	Guatemala	Laos	United Kingdom & Northern Ireland
Liberia	Peru	Malaysia	
Malawi		Oman	
Nigeria		South Korea	
Rwanda		Taiwan, ROC	
Zambia			
Zimbabwe			

This does not include the 67 nations that have abortion on demand (in red on world map). All but a few of these have also authorized abortifacients.

**The Greatest Genocide continues and is increasing in our generation, on our watch!**

**Questions:** What can you do to stop this? What will you do? What will you do to help or support us in making this tragedy known and ending this slaughter of innocent children?

For the sacred gift of every human life and remembrance of children unborn,
