President Biden's Unashamed Deceptive Advocacy for Child Sacrifice

Thomas W. Jacobson, Global Life Campaign

Abortion is child sacrifice! In his book, *The Return of the Gods*, Rabbi Jonathan Cahn reveals how the sexual revolution, abortion, male-female identity confusion, destruction of marriage and family, and persecution of Christians and the Church are evidence of the return of the ancient gods. When Christianity flourished the Spirit of GOD drove out the gods and these evils; but as the influence of the Bible and Christians diminished, demonic spirits returned and brought many more "spirits more wicked" with them (Matthew 12:43-45).

The history of the nations recorded in the Bible reveals that once idolatry, immorality and child sacrifice have consumed a people, then the judgment of GOD is inevitable, irreversible, and severe; though He extends compassion to everyone who humbles himself and repents. "Surely at the command of the LORD (enemies) came upon Judah, to remove *them* from His sight because of the sins of Manasseh, according to all that he had done, and also for the innocent blood which he shed, for he filled Jerusalem with innocent blood; and the LORD would not forgive" (2 Kings 24:3-4). Yet even when wicked Manasseh humbled himself and repented, GOD forgave and restored him (2 Chronicles 33:10-13).

President Joe Biden is the most pro-abortion president in United States history. He deceptively and unashamedly promoted abortion as a top priority early in his annual State of the Union address on 8 March 2024. Below is that portion of his speech. I boldly insert my comments [in brackets to show what his words mean], and I do so as an Ambassador of Christ and of the sanctity of human life, and an Advocate standing in the gap for the babies.

President Joe Biden: "Like most Americans, I believe *Roe v. Wade* got it right. [That a woman has a "right" to murder the child God gave her and was forming in her womb]. I thank Vice President Harris for being an incredible leader defending reproductive freedom [to sacrifice any child a mother does not want] and so much more. Thank you.

“My predecessor [President Donald Trump] came to office determined to see Roe v. Wade overturned. [And stop the shedding of innocent blood of babies]. He’s the reason it was overturned, and he brags about it. Look at the chaos that has resulted.

“Joining us tonight is Kate Cox, a wife and mother from Dallas. She’d become pregnant again and had a fetus [baby] with a fatal condition. Her doctor told Kate that her own life and her ability to have children in the future were at risk if she didn’t act. Because Texas law banned her ability to act [to destroy her child], Kate and her husband had to leave the state to get what she needed. [To intentionally kill their baby with a supposed “fatal condition” – which oftentimes turns out not to be true. Even if it were true, why not let the baby die naturally, and then deliver the baby, grieve for his lost life, and give him a proper burial, which all helps in the healing process?]. What her family had gone through should have never happened as well. But it’s happening to too many others.

“There are state laws banning the freedom to choose [to sacrifice the life of an unwanted child], criminalizing doctors [who choose to protect instead of take life], forcing survivors of rape and incest to leave their states to get the treatment they need. [Instead of encouraging them to embrace the gift of life given to them by God through this traumatic experience, and to see the child as a blessing, and not to double the trauma by murdering their own child.]

“Many of you in this chamber and my predecessor are promising to pass a national ban on reproductive freedom. [To take away the so-called “right” to kill unborn children.] My God, what freedom else would you take away? [God never gave a right or freedom to kill babies.]

“Look, its decision to overturn Roe v. Wade, the Supreme Court majority wrote the following . . . “Women are not without . . . electoral or political power.” [This was a threat to the Supreme Court, of which 7 of 9 were sitting in front of Biden listening to his speech.] . . . Clearly — clearly, those bragging about overturning Roe v. Wade have no clue about the power of women. But they found out. When reproductive freedom [right to sacrifice children] was on the ballot, we won in 2022 and 2023. And we’ll win again in 2024.

“If you — if you, the American people, send me a Congress that supports the right to choose [to kill one’s own child], I promise you I will restore Roe v. Wade as the law of the land again. [He promises to give women a national right to sacrifice their own children at will.]

“Folks, America cannot go back.” [To cherishing and protecting human life, motherhood, fatherhood, babies, and protecting pregnant mothers and the babies in their wombs.]

Pray that GOD will convict Biden, Harris and others of their sin and advocacy for evil, and if they will not humble themselves and repent, then quickly remove them from office. Pray that GOD will turn our nation back to Him, that we will truly humble ourselves before the Offended Power, turn from all our wicked ways, and cooperate with the Holy Spirit to restore righteousness and justice, and the sanctity of human life, marriage, fatherhood, motherhood, and family, and end abortion in our land forever.

For the LORD, the sacred gift of life, and remembrance of the babies,
